

**AUTOMATION**

**COURSE VIS150**

## **Level 1: FactoryTalk Optix Basic Configuration and Deployment**

This instructor-led course is designed to provide basic knowledge of the terminology, functions, and features of FactoryTalk® Optix Studio™ software. Instructor-led training courses allow you to work with an instructor and other students in a group environment.

After completing training, you should be able to:

- Navigate through the FactoryTalk Optix Studio environment and determine feature tokens
- Create and configure the FactoryTalk Optix user interface
- Configure and monitor data, events, and alarms
- Create recipes and manage them at runtime
- Define security for projects, panels, and objects

Throughout the course, students will have the opportunity to practice skills they have learned through a variety of hands-on exercises.

**Tuesday, October 20 -  
Friday, October 23**

**8 AM - 5 PM**

**SMC Cape Girardeau  
2333 Rusmar Street  
Cape Girardeau, MO**

**Cost: \$3,516**

**Includes Lunch**

**Authorized  
Service Provider**
