

AUTOMATION

COURSE VIS150

Level 1: FactoryTalk Optix Basic Configuration and Deployment

This instructor-led course is designed to provide basic knowledge of the terminology, functions, and features of FactoryTalk® Optix Studio™ software. Instructor-led training courses allow you to work with an instructor and other students in a group environment.

After completing training, you should be able to:

- Navigate through the FactoryTalk Optix Studio environment and determine feature tokens
- Create and configure the FactoryTalk Optix user interface
- Configure and monitor data, events, and alarms
- Create recipes and manage them at runtime
- Define security for projects, panels, and objects

Throughout the course, students will have the opportunity to practice skills they have learned through a variety of hands-on exercises.

**Tuesday, March 2 -
Friday, March 5
8 AM - 5 PM**

**SMC Joplin
923 W 4th St
Joplin, MO 64801**

**Cost: \$3,516
Includes Lunch**

**Authorized
Service Provider**
