LEARN MORE

# THREE PARTNERS. ONE BOOTH. PRACTICAL SOLUTIONS.

## EMERGENCY & SAFETY COMMUNICATIONS

Valcom paging, intercom, synchronized bells and clocks, visual alerts, mobile notifications and one-touch emergency messaging - scalable from one building to an entire district.

## CELLULAR DEAD-ZONE ELIMINATION

SureCall enterprise solutions improve 5G/LTE voice, text and data coverage in interior classrooms, gyms, basements and multi-floor buildings across major carriers.

## PHYSICAL LAYER READINESS

Hands-on fiber and copper solutions for clean cable routing, patching, precision termination, organized closets and dependable bandwidth before the first day of school.

**STOP BY.  
CHECK IN.  
ENTER TO WIN.**

Scan the QR code at SMC's booth to grab your Back-to-School survival swag and enter your school district to win a Premium iFixit Pro Tech Toolkit.

Capabilities and coverage vary by site conditions and final system design.
